

ReechCraft™ **PowerLiFT**™

Unmatched PORTABILITY & SIMPLICITY
for a Wide Variety of Access Needs:

Quickly Assembled • No-Tools Mast Connection System • Ultra Lightweight

ReechCraft **PowerLIFT**

Finally, there is a practical lift for tight spaces in industrial buildings, offices and even residential.

EASY ELEVATION

Stacking mast sections allow PowerLift to be customized to any work height up to 20 ft.

SAFETY

- Complies with safety standards
- Fully enclosed personnel basket
- Safety harness anchor point
- Emergency lowering system

ULTRA LIGHTWEIGHT

- One-person operation
- Easy on finished floors
- Can go anywhere, even up stairways
- Use outdoors and on turf

PORTABILITY

- 360° turning radius
- Easily rolls across rough terrain
- Easily transports on the hitch of a vehicle
- Fits through standard doors and closets

EASY TO MANEUVER

Four swiveling castor wheels make maneuvering the PowerLift easy. Use the 10 in. non flattening transport wheels for uneven terrain or stairs.

SIMPLICITY

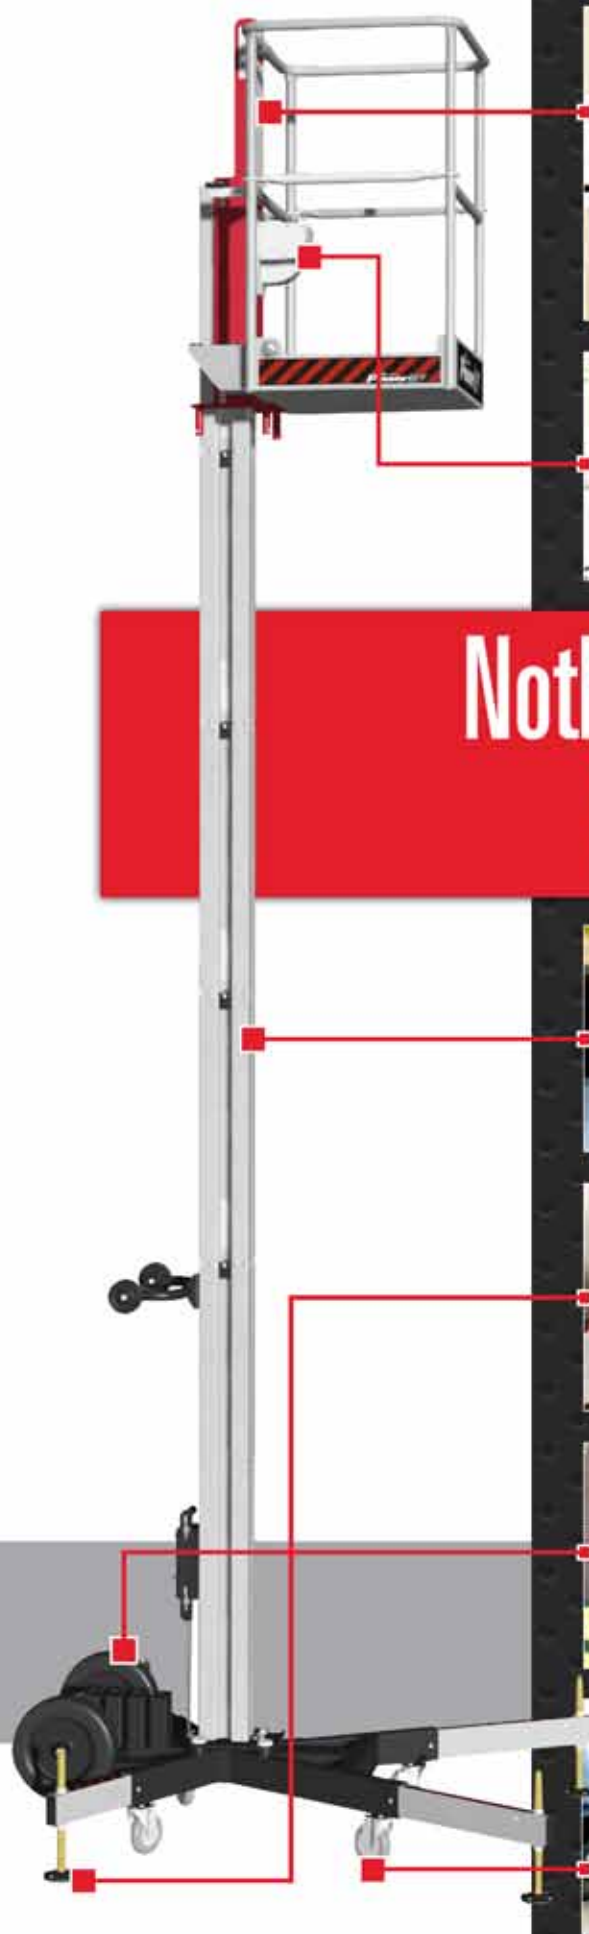

- No electronics
- No hydraulics
- No sensors
- No batteries

SIMPLE TO OPERATE

PowerLift does the job in tighter spaces better than more expensive scissor and telescoping lifts. Simple to operate and great for businesses, schools and rental applications.

YouTube See the PowerLift in action on YouTube.

STOWABLE MAST SECTIONS

Mast extensions are conveniently stowed alongside the basket. Adding, removing and stowing mast sections takes only seconds.

DUAL ACCESS BASKET

Dual Access basket allows entry and exit from two sides. The basket easily removes for transport and storage.

EXCLUSIVE TECHNOLOGY

Reechcraft's exclusive PowerTrak™ technology includes a gearbox with internal clutch and cone brake for added safety.

**Nothing Else
Stacks Up.**

ADD MAST SECTIONS TO "BUILD" POWERLIFT TO THE HEIGHT NEEDED FOR THE JOB.

Specially designed coupler system allows for quick and easy attachment of extensions. Lock levers prohibit the advancement of the basket unless they are securely locked in place.

EASY-TO-ADJUST

Easy-to-adjust outrigger pads fit in tight spaces. Ultra lightweight load is easy on floors and more useful in outdoor turf and terrain conditions.

EASY TO TRANSPORT

12 in. flat free transport tires allow easy movement across uneven terrain, curbs and steps.

CASTOR WHEELS

Four non-marking, locking castor wheels on the main carriage make maneuvering the PowerLift easy.

Description	M20	PL60
Conforming Standards	ANSI A92.3	ANSI A92.3
Power Source	AC or DC Drill	AC or DC Drill
Rated Horizontal Force	52.5 lbs (234 N)	52.5 lbs (234 N)
Machine Weight	278 lbs (126 kg)	310 lbs (141 kg)
Swivel/Lockable Caster Diameter	5 in. (127 mm)	127 mm
