» TUESDAY GENERAL SESSION

Taking Your Career to the Next Level

It is all about you when NFMT Vegas opens on day one. Taking your career to the next level is of the utmost importance to most of us, but how do we do it? Come to this session ready to hit the pause button, turn off your phone, don't answer texts and concentrate for one hour on the most important asset you own, YOU! Teena Shouse, CFM, IFMA Fellow and President of FM Transitions leads this interactive workshop highlighting the critical elements of evaluating where you are and where you want to be in your career and what you need to do to get there. We will discuss both formal and informal learning to broaden your knowledge base and confidence. We will explore the power of selecting a mentor and how to gain the personal and professional benefits from that relationship. No matter your age, level within your current job, or experience you can enrich your personal and professional growth by being a mentor or dedicating time to a receptive mentee. Join us for lively conversation, sharing of ideas and actually walk away with a career enhancing personal development plan.

» WOMEN IN FM PANEL & RECEPTION

Tuesday afternoon, join several highly accomplished panelists as they guide a discussion through major issues and trends affecting women in the facilities management industry. They will rely heavily on participation from the audience to express as many opinions and viewpoints as possible. Topics may include work-life balance, networking and mentorship, attracting and retaining other female facilities managers and more. Everyone is welcome to join us for this discussion. Following the panel, please join us for a networking reception. Sponsored by Sodexo.

» NEW! QUICKFIRE THEATRE

Select exhibitors present 20-minute presentations on current FM trends, solutions and opportunities. Taking place in the expo hall during Tuesday and Wednesday expo hall hours, the QuickFire Education Sessions are a new and efficient way to get tips, tools and answers to your FM questions.

» NEW! BIoT PAVILION IN THE EXPO HALL

The BIoT Pavilion is a showcase of devices, systems and services that collect and share data within and across buildings. The end result is an increase in the efficiency, security, productivity, occupant comfort and profitability of your buildings.
